

## ADDITIONAL HEALTH INSURANCE COVERAGE OPTIONS

Students who do not meet the eligibility requirements under the international student school-sponsored health insurance plan or have dependents (spouse and/or children) who are not eligible for coverage under the school-sponsored health insurance plan, Firebird is providing recommendations for other coverage:

If you are looking for a plan that covers pre-existing conditions, if you are currently pregnant or you are looking for routine/wellness benefits, mental health benefits, etc., we recommend enrolling your dependents in an Affordable Care Act plan (also known as Obamacare). Please keep in mind that these types of plans are more expensive and **Firebird does not have any connections to these plans**, therefore, we are unable to provide any additional assistance with enrollments, claims or general questions. Also, **these plans do not include medical evacuation or repatriation of remains benefits.**

If you choose to enroll yourself and/or your dependents in an Affordable Care Act plan, please click on the links below according to the state you are in. We have also provided telephone numbers for these sites for further assistance by licensed agents.
