(A Stock Company)**

URGENT / PLEASE READ:

Benefits are provided for Eligible Persons. Terms and conditions are briefly outlined in this summary of coverage. Complete provisions pertaining to this insurance are contained in the International Accident or Sickness Medical Benefit Plan (the Plan) issued to SMIC Trust. In the event of any conflict between this summary of coverage and the Plan, the Plan will govern. This is a brief description of the important features of the insurance plan. It is not a contract of insurance. The terms and conditions of coverage are set forth in the Plan issued to SMIC Trust. For a detailed plan description, exclusions, and limitations please view the certificate of coverage on file with your school.

To find out what is NOT covered under the Plan, please refer to pages 17-18, "General Exclusions." Please note: the Plan has a limited waiting period for pre-existing conditions.

NOTE: These benefits are not subject to, and do not provide some of the benefits required by, the United States PPACA. In no event will We provide benefits in excess of those specified in the Plan, and these benefits are not subject to guaranteed issuance or renewal.

This plan is for international students engaging in educational activities only. It does not provide coverage for dependent spouse or children. For information regarding dependent coverages, please contact Firebird at admin@fiig-insurance.com.

Reduced-Course Load: A student will only be allowed one approved medical reduced course load term per plan year, at the request of a treating physician and approved by the participating educational institution. Premium for this period must be paid to the participating educational institution or to FIIG within the first 30 days of the start of the term or qualifying event.

Vacation Term: Students on an approved vacation term are considered eligible and can continue their coverage, providing coverage was in effect at least the term immediately prior to the vacation term and the vacation request form has been received and the required premium has been paid to the participating educational institution or to FIIG within the first 30 days from the start of the vacation term.

Extended Coverage: Students completing their program or graduating are eligible for up to an additional 60 days, providing they have had continuous coverage for a minimum of a full term (the graduating term), they remain in the US during the extended coverage period, and have paid the required premium to the participating educational institution or to FIIG within 30 days from the start of the extended coverage period.

We retain the right to investigate eligibility status and attendance records to verify eligibility requirements are met. If We discover the eligibility requirements are not met, Our only obligation is to refund any premium paid for that person.

EFFECTIVE DATES OF INSURANCE

Effective Date for a Covered Person

Coverage for a Covered Person that will be covered by the Plan starts at 12:00 AM on the latest of the following:

1. the date the requirements of a Covered Person shown under Eligible Persons are met;
2. the moment He Departs His Home Country's airspace; or
3. the date the premium and completed enrollment form, if any, are received by Us or the Participating Member.

Thereafter, the benefits are effective 24 hours a day. In no event, however, will benefits start prior to the date the premium is received by Us.

Extended Coverage for first-time students to the U.S.

All new first time students to the school will automatically be covered for up to 30 days prior to the start of classes, under the terms of the Plan, once they are in the United States, providing that they are on the Educational Institution's I-20 upon arrival, and do not have other medical insurance at the time of loss and have enrolled and paid for tuition and insurance premium.

Short-term programs through this participating institution and new students transferring from another educational institution within the US to this participating institution are NOT eligible for this Extended Coverage provision. An I-94 may be requested.

Coverage of Newborn Infants A newborn child of the Covered Person who is eligible for maternity benefits will automatically be a Covered Person for 31 days from the moment of His birth if the birth occurs while the Plan is in force, and subject to the particular coverages and amounts of benefits as specified in the Schedule of Benefits.

TERMINATION DATES OF INSURANCE

Termination Date for a Covered Person

Coverage for Covered Person will automatically terminate on the earliest of the following dates:

1. the date the Plan terminates;
2. the date the Participating Member is no longer eligible to sponsor coverage under the Plan;
3. the date on which the Covered Person ceases to meet the requirements of an Eligible Person
4. the end of the term of coverage specified in the Covered Person's enrollment form;
5. the date the Covered Person permanently leaves the Country of Assignment for His Home Country;
6. the date the Covered Person requests cancellation of coverage (the request must be in writing);
7. the premium due date for which the required premium has not been paid, subject to the Grace Period provision; or
8. the end of any period of coverage.

Coverage will end at 11:59 PM on the last date of benefits. Termination does not affect a claim for a Covered Loss due to a covered Accident or Sickness that occurs before the termination date. However, in no instance will benefits extend beyond the earlier of:

1. the end of the Benefit Period; and
2. the date benefits equal to any applicable Benefit Limit, as shown in the Schedule of Benefits, have been paid.

PRE-EXISTING CONDITION LIMITATION

We do not pay benefits for loss due to a Pre-Existing Condition incurred during the first 6 months of coverage. Pre-Existing Conditions will be covered after the Covered Person's coverage has been in force for 6 months, providing it is a covered benefit under the Plan. *Please see the definition of Pre-Existing Conditions on page 25 of this booklet.*

PLEASE NOTE: If there is a gap in coverage, a new effective date of coverage will be established upon re-enrollment for the coverage and the 6-month pre-existing condition waiting period will need to be re-satisfied.

Pregnancy which is conceived prior to the Covered Person's effective date under the Plan will be covered if the Covered Person was continuously covered under the Participating Member's plan. Any breaks in coverage during the pregnancy will void all remaining maternity benefits.

EXTENSION OF BENEFITS

During Hospital Confinement Upon Policy Cancellation

If the Accident or Sickness Medical Benefits under the Plan cease for You or Your Eligible Dependent due to cancellation of the Plan or any Certificate of Coverage issued thereunder (except if the Plan or Certificate of Coverage is canceled for nonpayment of premiums) and You or Your Eligible Dependent is Confined in a Hospital on that date, Accident or Sickness Medical Benefits will be paid, as shown in the Schedule of Benefits, for Covered Expenses incurred in connection with that Hospital Confinement. However, no benefits will be paid after the earliest of:

1. the date You exceed the Maximum Benefit, if any, shown in the Schedule of Benefits;
2. the date You are covered for medical benefits under another Health Care Plan
3. the date You or Your Dependent is no longer Hospital Confined; or
4. 90 days from the date the Plan or the Certificate of Coverage thereunder applicable to You is canceled

The terms of this Accident or Sickness Medical Benefits Extension will not apply to a child born as a result of a Pregnancy which exists when Your Accident or Sickness Medical Benefits cease or Your Eligible Dependent's Accident or Sickness Medical Benefits cease.

NON-DUPLICATION OF BENEFITS

This provision applies if:

1. any other Health Care Plan covers the Covered Person; and
2. total benefits under all Plans would exceed the Covered Expenses actually incurred; and
3. We are not defined as primary under another Health Care Plan's Coordination of Benefits provision.

When the total of benefits payable by all Health Care Plans, whether or not claim is made for those benefits, exceeds Covered Expenses incurred, any Expense-Incurred Accident or Sickness Benefits We pay will be reduced by such excess.

REQUESTS FOR COVERAGE & REFUNDS

Any requests for coverage and refunds must be made by an administrator of the participating institution in writing to Firebird, along with the circumstances initiating the request. All refunds are calculated in 30-day increments of unused premium, providing no claims have been paid in the period the refund request is being made for and for which premium has been paid for. Refund amount may be less than the amount of premium collected and remitted.
